Privacy Policy | Terms of Use | Cookie Preferences

6. Now, you have to fill in your **personal information** and under **How do you plan to use AWS?**, select **Personal** and Click on **Continue** to proceed to the next step.

The screenshot shows the AWS sign-up page. On the left, under 'Free Tier offers', there are three options: 'Always free' (Never expires), '12 months free' (Start from initial sign-up date), and 'Trials' (Start from service activation date). On the right, under 'Sign up for AWS', there is a 'Contact Information' section. It asks 'How do you plan to use AWS?' with radio buttons for 'Business' and 'Personal'. It also asks 'Who should we contact about this account?' with fields for 'Full Name', 'Phone Number' (with a dropdown for country code and a text input for the number), and 'Country or Region' (a dropdown menu).

The screenshot shows the continuation of the AWS sign-up page. It includes the 'Trials' option from the previous step. The 'Contact Information' section is partially visible. Below it, there is an 'Address' section with fields for 'Address', 'City', 'State, Province, or Region', and 'Postal Code'. There is also a checkbox for 'I have read and agree to the terms of the AWS Customer Agreement' and a 'Continue (step 2 of 5)' button.

7. In this step, you are required to fill in your **card details** in order to verify that you have an **active bank account**. Please do make sure that your

card fulfills the below **requirements**:

- a. Both **credit** and **debit** cards are **allowed**.
- b. Only cards from **VISA, MasterCard, American Express, and Rupay Global** are **accepted**.
- c. Ensure **International Transactions** are **enabled** for your card.
- d. **E-Commerce Transactions** should also be **enabled**. If there is no option for E-Commerce Transactions, make sure the **channel type** for your card is **CNP**.

8. Now, you need to **verify your identity** so you can **select any of the options as in the screenshot** and verify the same by entering the **document details**.

### Confirm your identity [Info](#)

**Name** [Info](#)  
Choose the name that you want to use for identity verification.

☒ [Redacted Name]

**Primary purpose of account registration**  
Choose one that best applies to you. If your account is tied to a business, select the one that applies to your business.

Personal use ▼

**Ownership type**

Individual ▼

**India document type** [Info](#)  
To verify your identity, the name on the document must match the name that you chose.

Permanent Account Number (PAN) ▲

Permanent Account Number (PAN)

Voter ID/EPIC number

Driving license number  
To use this document type, you must be at least 18 years old.

Passport file number  
To use this document type, you must be at least 18 years old.

9. In this step, you are required to **verify your phone number** i.e. contact details, hence, **fill in the same** as well as captcha and click on **verify**.

### Sign up for AWS

#### Confirm your identity

Before you can use your AWS account, you must verify your phone number. When you continue, the AWS automated system will contact you with a verification code.

How should we send you the verification code?

☒ Text message (SMS)

☐ Voice call

Country or region code

India (+91) ▼

Mobile phone number

Security check

Type the characters as shown above

### Confirm your identity

Verify code

⚠ SMS PIN required

[Continue \(step 4 of 5\)](#)

Having trouble? Sometimes it takes up to 10 minutes to retrieve a verification code. If it's been longer than that, [return to the previous page](#) and try again.

10. Once, done with verification, choose a **support plan**, we would recommend **basic** as it is free.

## Sign up for AWS

### Select a support plan

Choose a support plan for your business or personal account. [Compare plans and pricing examples](#)

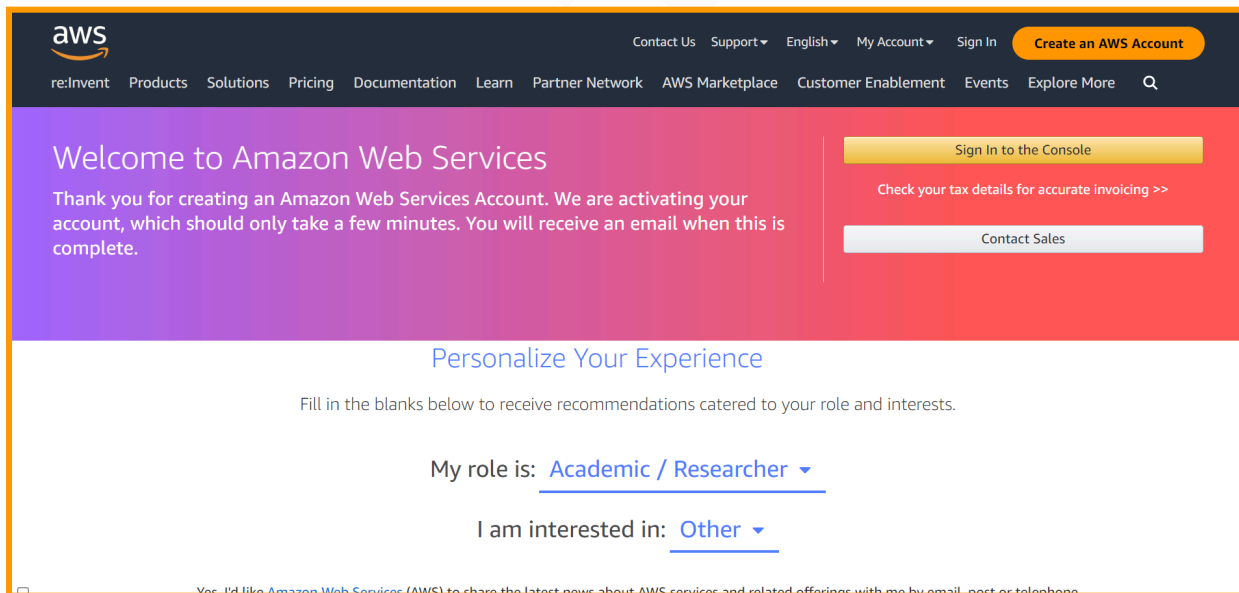

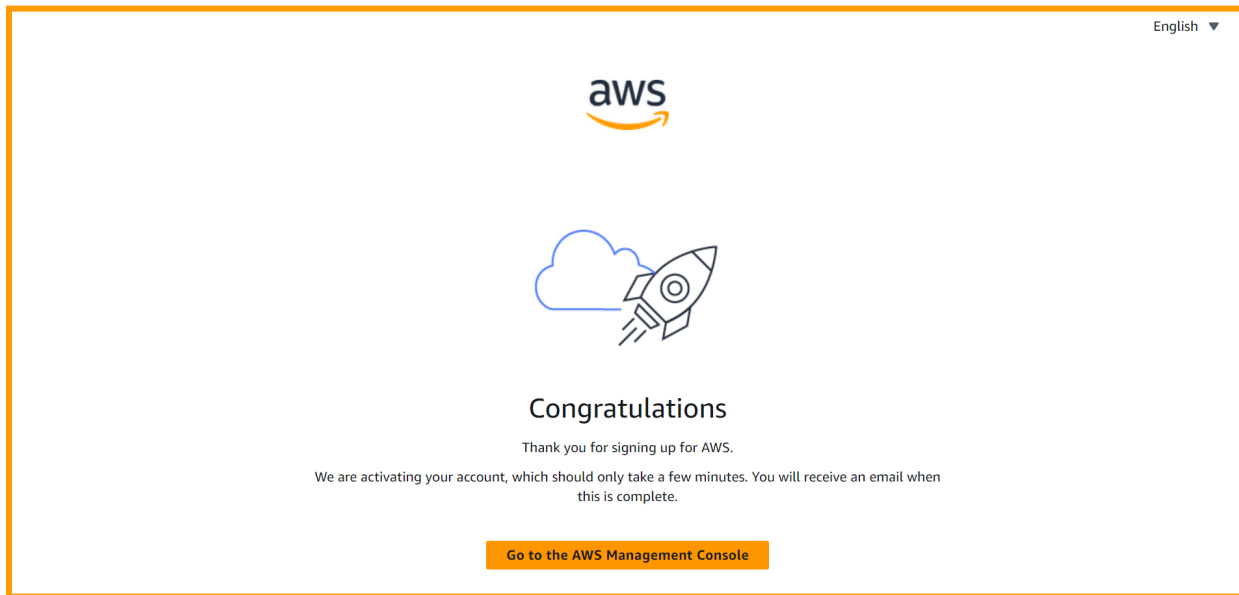

[You can change your plan anytime in the AWS Management Console.](#)

<input checked="" type="radio"/> <b>Basic support - Free</b> <ul style="list-style-type: none"><li>Recommended for new users just getting started with AWS</li><li>24x7 self-service access to AWS resources</li><li>For account and billing issues only</li><li>Access to Personal Health Dashboard &amp; Trusted Advisor</li></ul> 	<input type="radio"/> <b>Developer support - From \$29/month</b> <ul style="list-style-type: none"><li>Recommended for developers experimenting with AWS</li><li>Email access to AWS Support during business hours</li><li>12 (business)-hour response times</li></ul> 	<input type="radio"/> <b>Business support - From \$100/month</b> <ul style="list-style-type: none"><li>Recommended for running production workloads on AWS</li><li>24x7 tech support via email, phone, and chat</li><li>1-hour response times</li><li>Full set of Trusted Advisor best-practice recommendations</li></ul> 
--	--	--

 Need Enterprise level support?  
From \$15,000 a month you will receive 35-minute response times and on-site support

11. Congratulations! You have successfully created your AWS Account. Click on **Go to the AWS Management Console**, select a **role** and **interest** of your choice, and proceed to **log in** with the credentials you created by

clicking **Sign in to the console** at the top right.

12. This completes the tutorial for AWS Account Creation. You can now view **Free Tier Limits** for your AWS Account here: <https://aws.amazon.com/free/>
